• Customized operation with LCD technology
• Quiet working mode eliminates noisy distractions
• Large stainless steel tank to accommodate office needs
BioSonic® UC125

Multi-tasking

Full basket

Multi-beaker

Ideal practice size

With a 1.25 gallon tank, the UC125 is ideal for medium sized practices due to its ability to clean a variety of instruments in a short period of time and drains in less than a minute.

Quiet working mode

With a 20% softer working mode*, the UC125 has a quiet operation that helps to eliminate noisy distractions and maintain a calm working environment.

BioSonic® UC125 Ultrasonic Cleaning System

Easy to use LCD technology

The UC125 displays a countdown timer, solution tracking function, selectable run times, and degas button to ensure a maximum clean.

- **Degas Button**
  Easily prepare your solution for maximum effective cleaning

- **Selectable Run Times**
  Customize cleaning procedures by selecting run times for different tank loads

- **Countdown Timer**
  Know exactly when your instruments will be ready for the autoclave

- **Solution Tracking**
  Know exactly how long your solution has been in use
